MEDIUM / FINE / EXTRA FINE
HEAVY GRINDING / INTERMEDIATE GRINDING / FINISHING

Applications

- For manual sanding and uneven surface finishing with wooden edges or on bare wood.
- Comfortably removes imperfections between sealant layers without deforming.
- For intermediate and final finish applications of bare wood.
- For cleaning and finishing metals, stainless steel and coal, aluminum, and bronze and iron, among others.
- For sanding and finishing curved plastic surfaces.

Characteristics

- Both sides can be used.
- Great flexibility that adapts to any surface.
- Ideal for work on wet or dry surfaces.
- The sponge can be washed, dried and reused.
- Available size: Measurements: 120 x 98 x 13 mm.
