## Applications

- For sanding hard wood to deburr, or to prepare and clean nonferrous metals to remove dirt or previously damaged or good paint, for treating surfaces and preparing for the application of epoxy coats.
- For heavy polishing and intermediate finishing operations.
- For removing scratches from previous processes and defects in metal plates.
- For preparing wooden or laminate surfaces.

## Characteristics

- Long shelf life.
- High resistance and flexibility.
- Its open structure prevents clogging.
