Belts, Rolls & Specialities

New

Recommendations

Coated Abrasives

Storage conditions

Use safety equipment

Zirconia Alumina Abrasive Cloth for high stock removal on High Hardness Metal

Benefits:

- ▶ High stock removal on Stainless Steel, Titanium and heat sensitive alloys.
- ▶ Heavy duty backing with grinding aid for high performance.
- ▶ High pressure heavy duty grinding.

Suggestions:

- ▶ Ideal for grinding turbine blades and propellers, extrusion parts and general Metalworking industry.

High stock removal on Stainless Steel, Titanium and heat sensitive alloys

Product	Backing	Grits	Mineral	Operation	Products
S-10	100% Polyester	24, 36, 40, 50, 60, 80, 100 and 120	Zirconia Alumina	Heavy and intermediate grinding	Belts, rolls and specialties

Suggested usage

Metal

Non ferrous metal
