

QUALITY ABRASIVES SINCE 1927

FANDELI®

**WOOD
INDUSTRY**

Coated Abrasives

www.fandeli.com

SHEETS

Sheets are cut in standard 9"x11" size from coated abrasives with paper or cloth backing. The choice of backing depends upon the severity of the sanding operation. Sheets are used by hand or with oscillating sanders in applications where craft is important or finishing is difficult because the parts areas are difficult to access with mechanical sanding equipment.

ROLLS

Continuous rolls of coated abrasives come in different widths from 3/8" to 55" and lengths from 10 to 100 yards. Depending upon the type of product, rolls can be used in hand applications, on drum sanders or high-calibrated sanding operations of wood, veneer, plywood and wood products manufacturing.

BELTS

The belts are endless abrasive sections, with ends joined at a certain angle. Of all the various forms, belts are the most demanded coated abrasive by industry worldwide. They are important when high productivity is critical and consistent quality necessary. They come in various widths from 1/4" to 120" and in lengths from 8" to 13 yards.

WIDE BELTS

Best used for high production and excellent finishes in high-calibrated sanding operations of wood, particle board, MDF, fiber-cement and rubber.

ABRASIVE SPONGES

An assortment of sanding sponges are available in Extra Fine, Fine, Medium and Coarse grits. Highly flexibles and versatile. Our sponges and pads conform to different surfaces, allowing user to reach difficult areas.

PAPER DISCS

Available in super fine grits for finishing operations. PSA (Pressure Sensitive Adhesive) or **GRIPIT** at your request, for speedy and convenient on and off removal of discs. Vacuum discs are designed with a standard hole pattern for dust-free sanding.

WOOD INDUSTRY

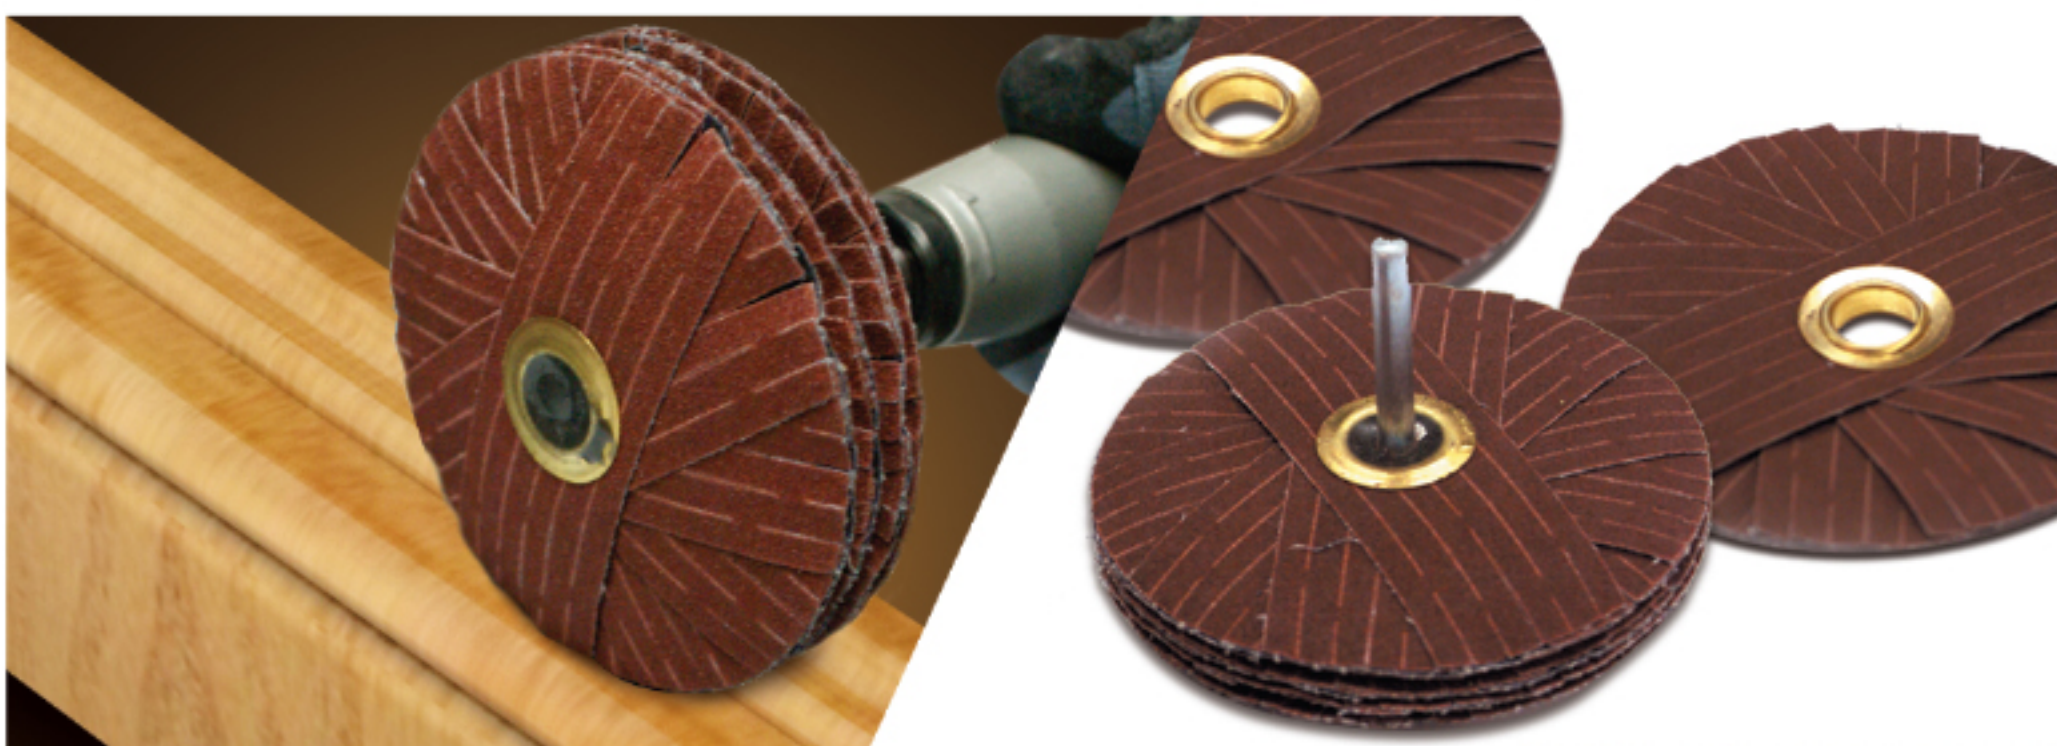

NON-WOVEN BELTS

FANDELI's non-woven belts are designed for a superior finish. It's unique combination of synthetic fibers and abrasive particles produce an open and flexible material. They eliminate contamination such as corrosion, old paint layers, varnish and finishes without modifying the surface's original base. Available grits: Extra Fine (blue), Medium (maroon), Coarse (Brown).

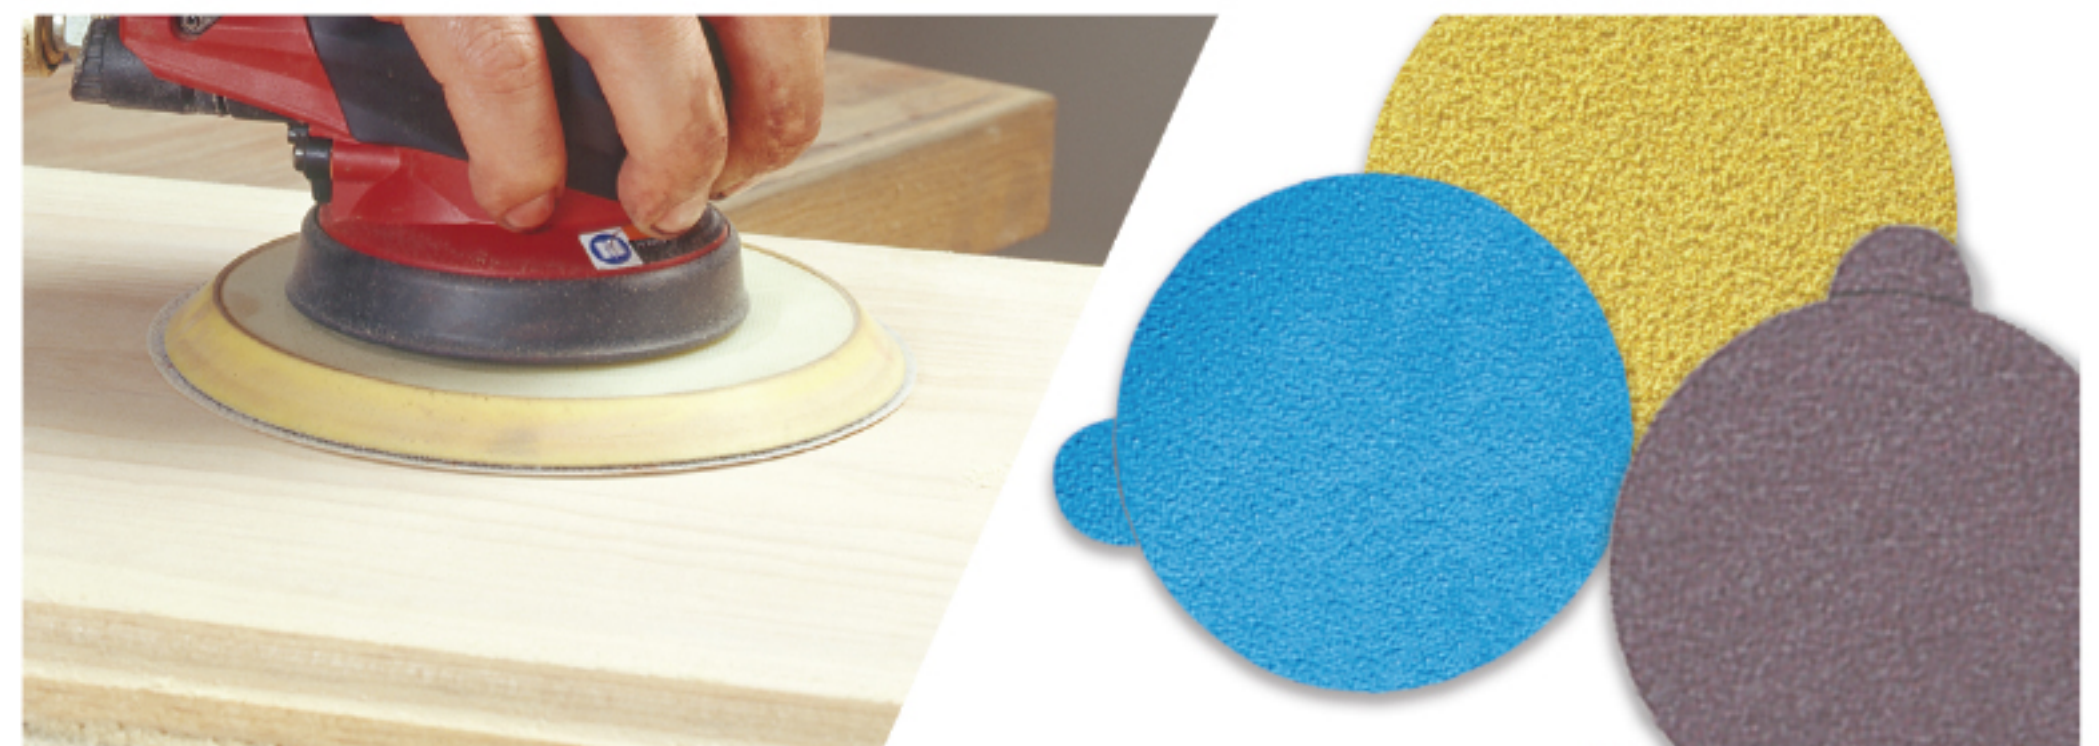

NON-WOVEN

Our line of non-woven products can be used with hand tools or hand sanding in finishing operations and general cleaning. Abrasive wool products are available in three different grits: Fine, Medium and Coarse.

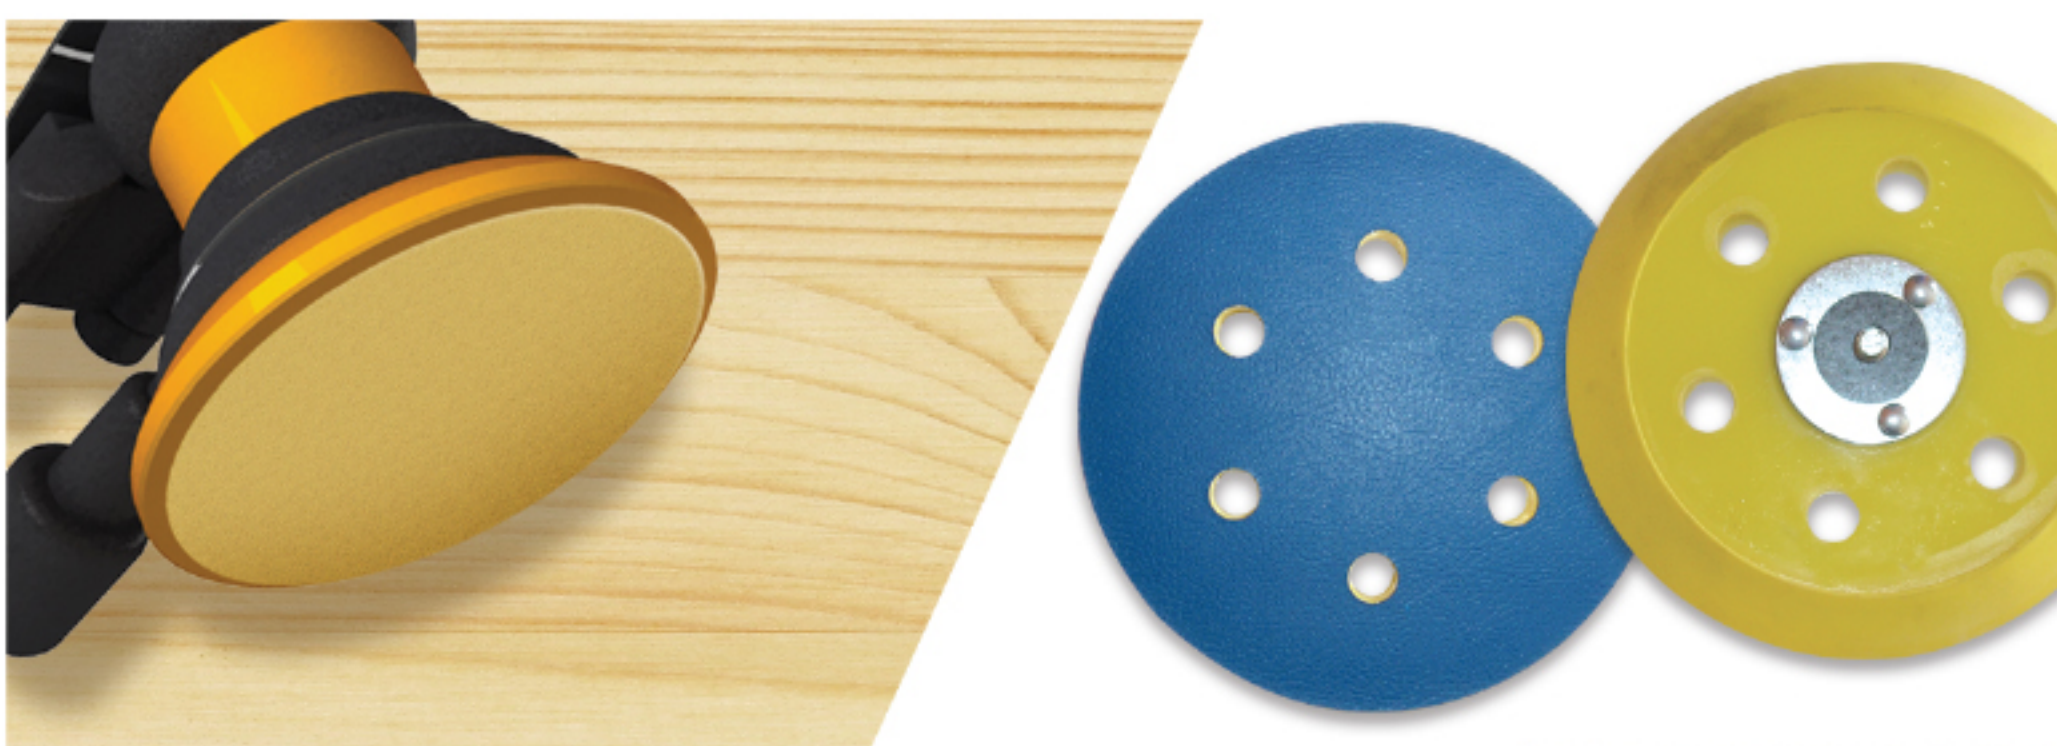

SPECIALTIES

These are abrasive products are specially designed to meet specific needs. The list includes abrasive stars, body files, spiral bands, anti-slip strips, cones, cartridges and many other forms. Most of these products can be used with portable machines.

CLOTH PRODUCTS

These resin-bonded, cloth-backed products are designed for aggressive cutting and heavy stock removal. Cloth-backed products have a longer life and unsurpassed edge resistance.

MISCELLANEOUS

Available products are PSA (Pressure Sensitive Adhesive) and **GRIPIT** backpads for use with vacuum and non-vacuum tools, single and double roll dispensers, cabinets, file boards, 9" X 11" racks, ergonomic pads and more.
