

ECODISC STATIONARY CUTTING Discs

ECODISC LINE

Abrasive Aluminum Oxide.

Reinforcement Double mesh.

UsEs Carbon steel cutting and casting.

Ideal

METAL

Shapes

DISCS

Applications

USE SAFETY EQUIPMENT

ANGLED
GRINDER

Advantages

- Precise, quick, simple and silent cuts.
- Minimal burr and rework.
- Less vibration, more comfort.
- Minimal effort and wear on the machine.
- Less residue.
- Less waste.
- Fiberglass side reinforcements.
- Free of iron, chlorine and sulfur pollutants.

Characteristics

- High cutting speed.
- Clean cut.
- Low shelling.
- Good cost-benefit ratio.
