## Applications

- B-99: repaint operations on lacquers, paints or metals, viable use on plastic and glass.
- Polishing and micro-finishing operations, as well as surface preparation in auto body paint shops.
- Product for paints and clear coats.

## Characteristics

- High-resistance and sanding power facilitate operations that require clear coats to be laid down.
- Waterproof paper backing with non-slip properties that allows dry and wet operations.
- Closed structure ensures quick sanding and a long shelf life.
- Silicon Carbide provides excellent finishes in wet applications.
